Departure from the hotel at 9:00 a.m. Accompanied by an experienced local guide, we head towards east, in the direction of Niška Banja, and after a 30 min driving, we arrive at the gorge of river Jelašnica (2 km long, only 30 m wide) – at the foothill of Suva Planina Mountain. We start our day adventure from the central area, where there is a picnic area and a cave from which prehistoric artifacts were excavated. Our little adventure is a unique round tour of the magnificent gorge of Jelašnica. We are taking you on a circuit walk to explore the rock formations and enjoy the geomorphological shapes from proximity. From some of the best lookouts, your eyes view will reach the rims of Suva planina mountain and a village Jelašnica situated at gorge's end. After hiking, this small adventure has something new and exciting for you – everyone will have the chance to try abseiling (a controlled descent down a rock face using a rope) on the steep rocks of the gorge, as well as free climbing, a zip line, and river crossing using a rope system (traverse). Sounds interesting? Join us and give it a try! Finally, we'll head to the village to enjoy the local cuisine.

The aim of this program is to: visit some well-known landmarks that are gradually getting forgotten; return you to nature to spend some time in it; create adventure by blending a small tourist activity with an exotic destination. Following the end of our plan and program, we return to Niš via the same way we came from about 7:00 p.m.
