The Prokletije Mountain range stretches across three countries – Montenegro, Albania, and Serbia (part of Kosovo and Metohija). As part of the Dinaric Mountain system, it represents one of the most challenging and breathtaking landscapes of the Balkan Peninsula.

Its rugged beauty and untouched wilderness have inspired awe among travelers and explorers for centuries. Due to its wild and inaccessible nature, it earned the name Bjeshket e Nemuna – the Forbidden Mountains. The highest peak of this imposing massif, Maja Jezerce (2,694 m), is also the highest peak in the entire Dinaric system.

This adventure takes us into the heart of Prokletije, where nature reveals itself in its most spectacular form – from towering rocky peaks and deep canyons to crystal-clear rivers and untamed valleys. During our journey, we will explore Prokletije National Park, ascend the impressive Maja e Rosit (2,524 m), challenge ourselves with an adrenaline-filled descent through the Shizes Canyon, and immerse ourselves in the unique atmosphere of traditional shepherd settlements in the Valbona Valley.

Get ready for an unforgettable adventure through the untouched landscapes of the Balkans, where every step brings a new challenge and breathtaking views!

Prokletije – Maja e Rosit and Shizes Canyon

TOUR PLAN

I DAY: NIŠ – PRIŠTINA – PRIZREN – BAJRAM CURI – VALBONA

Departure from the "Čair" hall in Niš at 10:00 a.m. Traveling through Serbia and Albania with stops for rest and border formalities. Arrival at the Prokletije National Park in the evening. Accommodation in mountain huts in the Valbona valley. Dinner. Overnight stay.

II DAY: VALBONA – KUKAJ – ČAFA E VARUMIT – MAJA ROSIT 2524

After breakfast, our adventure begins with off-road vehicles that will take us up to an elevation of 1325 meters. From here, we ascend 1200 vertical meters without any loss of elevation to reach the peak of Maja e Rosit. "Rosni vrh," as they call it from the other side of Prokletije, stands at 2524 meters and is the third highest peak in Montenegro. The view from the summit offers a breathtaking panorama of the main Prokletije massif, Bogićevica, and Bjelič, where Maja e Rosit is the highest point. We return by the same route to our accommodation, where dinner and an overnight stay await us, giving us a chance to rest and recharge for the challenges of the next day. The total length of this unforgettable trail is 14 km, with an ascent of approximately 1200 meters, requiring a moderate level of physical fitness.

III DAY: VALBONA – KANJON SHIZES – PRIZREN – NIŠ

Breakfast. A one-hour drive to the entrance of Shizes Canyon, where we leave the vehicle. We follow a hiking trail along the canyon for 1.5 hours until we reach the first vertical section and enter Shizes Canyon. With several vertical sections, the highest being 20 meters, a few jumps, and natural slides, it is a gem of this part of Prokletije. After 2.5 hours, we exit the canyon right next to our car, and after a short break and packing, we head back to Serbia with a mandatory lunch stop in Prizren. Arrival in Niš in the late evening hours. End of the program.
