## TOUR PLAN

Departure from Niš in front of the hotel at 9:00 a.m. With a local guide, we head east towards Pirot. After a 30-minute drive, we arrive in the village of Sićevo, located at the entrance to the Sićevačka Gorge. In the village, we will visit a scenic viewpoint overlooking the gorge's limestone walls and the Nišava River, near the historic hydroelectric power plant built in 1908.

We then embark on a one-hour hike along the rocky perimeter, leading us to a cave with an impressive 25-meter-high entrance. Our entry into the cave will be an adventure in itself – rappelling down a rope into its depths. As you descend, you'll be treated to a unique perspective—on one side, the cave's entrance above you, and on the other, the untamed wilderness of this part of the Sićevačka Gorge.

After exploring the cave, we will ascend the steep cliffs and make our way back to the village of Sićevo. We return to Niš in the afternoon. End of the program.
